SIR CON1 Connection Box for TT-3026

New connection box with status indicators for TT-3026 series.

The connection cable from the TT-3026 connects to the SIR CON1.

SIR CON1 is designed for TT-3026 LRIT and VMS (including for fisheries monitoring and e-logbook connection) installations but also applicable to land mobile SAT C systems (SCADA, etc.).

The connection box is equipped with cable-relief.

Furthermore, there is a sub-D connector for PC/Laptop interconnection and SIR CON1 is equipped with LED indicators for

- Power On
- 3.3 V Power from TT-3026
- GPS Status
- SAT Link Status
- Zone (e.g. Geofencing)

It is also equipped with a switch so the user easily can reset the TT-3026 from the front.

Option:

Flush Mount Kit, P/N SIR CON1-F
