

Navi light SPORT

The Navi light Sport extends the hugely successful Navi Light range of portable maritime lighting products. The “sport” combines the best features of the award winning Navi Light 360 with a compact “head torch”

WHAT MAKES THE NAVI LIGHT SPORT DESIGN UNIQUE ?

- Combines: Head torch (Headlight) with 360°light and Emergency flash
- The complete unit and components float in water
- The LED is tilted to light forwards. (Not upwards)
- Full range of attachments and can be worn anywhere on the body.

ADVANTAGES:

- Flexible: Place it anywhere on your body with Navi Light Sport range of attachments
- Perfect to wear on head, upper arm or shoulder
- “One hand motion” to move light from upper arm or shoulder, to a top of head.
- Highly compact light with super-bright LEDs but very efficient, with long burn time.
- Can be used as MOB marker due to floatation characteristics
- Fully range of features: Head torch, 360°light, Emergency flash, simply one touch on/off
- Wide light spread provides side vision in the dark as result of spread angled LEDs
- Night Vision mode with single Red night vision LED

AREAS OF USE:

Light source:

- Work light. Torch light, Marker light, Man Over Board light, Emergency light, Warning light
- Inside a cabin/tent, provides 360° lantern light

Emergency signal:

- When falling into the water, move to head with a “ One Hand Motion”
- May be thrown in after a Man Over Board (MOB) as an MOB marker.
- Emergency flash mode for lost hikers, skiers, swimmers, etc

Lantern:

- Lantern on kayak / canoe or a light marine craft
- 100% waterproof, provides 360° lantern light on deck as well as below
