EN 60950-1: 2006
Radio modules complies with IC RSS-210 and FCC Rules CFR 47 part 25

This certificate of conformity is based on an evaluation of a sample of the above mentioned product. Technical Report and documentation are at the Holder's disposal. This is to certify that the tested and verified sample is in conformity with all requirements of the above mentioned standards, regulations and Council Directives. This certificate does not imply assessment of the series-production of the product and does not permit the use of any other conformity marks than the CE and FCC and IC approval ID's for implemented modules. The holder of this certificate is authorized to use this certificate in connection with the EC declaration of conformity.

Test equipment calibration are traceable to national (DANAK) and international calibrations norms.
