August 1, 2013

Thrane & Thrane AS  
Attn: Mr. Henrik Dryholm  
Lundtoftegardsvej 93 D  
2800 Lyngby  
Denmark

Mr. Dryholm:

Our office has reviewed your application requesting a U.S. Coast Guard Certificate of Approval for the Thrane & Thrane SAILOR 6130 Long Range Identification and Tracking (LRIT) system. This unit meets the requirements of the applicable International Standards and is certified as follows:

The following approval number has been assigned:

SAILOR 6130 LRIT System  
165.207/6/0

Dated: August 1, 2013  
Expires: August 1, 2018

This certification remains valid until August 1, 2018 unless our office suspends, withdraws, or terminates it. The device manufacturer may apply for extension of this certification by writing to our office before it expires. If the equipment is no longer produced our office continues to consider it certified based on the date of manufacture, the vessel installation date, and the valid certification for that time period. You cannot transfer this certification to another manufacturer without written authorization from our office. You must notify our office in writing when you make any change in the design or construction of the device or when you cease manufacturing the device.

Radio transmission equipment used for LRIT will need to meet the requirements of the FCC regulations for equipment authorization, 47 CFR 2 Subpart J (beginning 2.901). This is done by the FCC independently of the Coast Guard.

Final shipboard acceptance of the SAILOR 6130 LRIT system is based on the installation, materials, and workmanship being to the satisfaction of the cognizant Officer in Charge, Marine Inspection.

Sincerely,

A handwritten signature in black ink, appearing to read "C. K. Marcy", written over a large, stylized "X" or similar mark.

C. K. MARCY  
Commander, U.S. Coast Guard  
Office of Design and Engineering Standards  
Chief, Systems Engineering Division  
By direction

Encl: U.S. Coast Guard Certificate of Approval Number 165.207/6/0
